RP-51 Stain Protector

Penetrates the pores without creating a film. Facilitates cleaning and maintenance.

Functions:

High quality water & oil repellent product, suitable for protection against all types of stains (both water and oil-based) on low porosity surfaces such as porcelain tiles, glazed tiles, polished marble, polished granite & polished terrazzo etc. It can be applied both indoors and outdoors.

Advantage:

- For Porcelain & Polished Natural Stone.
- Does not change original appearance.

Features:

- Solvent based waterproofing
- **Ph:** Not applicable
- **Density:** 0,78 Kg/L
- **Performance:** Approximately 8 - 40 m2 / L depending on the material to be treated.
  NOTE: Performances are merely indicative. Actual results may vary.

Precautions:

- Before application, surface should be clean, dry and totally free of moisture.
- - Always follow the recommended application times.
- -Do not apply using a sprayer as harmful vapours could be generated.
- -Always wear the appropriate protective work wear (gloves, goggles etc.)
- -Use product in a well ventilated area
- -Keep out of the reach of children
- -Do not drink this product
- ALWAYS CARRY OUT A TEST ON A SMALL HIDDEN AREA BEFORE FULL APPLICATION!

Instructions:

- 1. Before application surface should be clean and dry. Pour product into a container.
- 2. Using a brush/roller or sponge, apply a layer to the surface.
- 3. Apply an even layer to the surface
- 4. Although the product dries within a few hours, you should wait 24 hours before walking on the surface to ensure maximum protection. Remove excess product (if any) with cotton cloth.
