

# RW-72 Maintenance Wax

Use maintenance wax to help delay re-application of RW-70 or RW-71 waxes.

## Functions:

High quality, water based liquid wax, suitable for maintenance of previously waxed surfaces (using RW-70 or RW-71 products). Reduces wear to traffic, delaying the need to conduct a new waxing process. The product can also be applied as a polish on marble, granite, polished terrazzo & crystallized tiles that have not received prior waxing.

## Advantage:

- Easy application.
- High performance.

## Features:

- Water-based liquid wax
  - **Ph:** 7.5
  - **Density:** 0,999 Kg/L
  - **Performance:** Approximately 50-100 m2, diluting 4 caps in a bucket (for waxed surface maintenance); 25-50 m2 by diluting 8 caps in a bucket (for polishing, polished natural stone surfaces and crystallized tiles)
- NOTE: Performances are merely indicative. Actual results may vary

## Precautions:

- On floors previously treated with RW-70 wax, apply using a damp mop.
- ALWAYS CARRY OUT A TEST ON A SMALL HIDDEN AREA BEFORE FULL APPLICATION!

## Instructions:

- 1. Add 4 caps to a bucket (if applying on waxed surfaces for maintenance) or 8 caps to a bucket (if applying as a brightener on natural or artificial surfaces, polished stone and crystallized tiles).
- 2. Apply using a mop on clean, dry tiles. It is recommended to repeat this treatment once a week for general maintenance
